NEW WAVE MARITIME TRAINING AND ASSESSMENT CENTER, INC. · STAFF PORTAL

Portal redesign — eight directions

Each direction redesigns the whole staff portal: sidebar, page headings, summary tiles, lists, status chips, forms and tables. Every page shows the same Registration dashboard so they can be compared side by side. All use the New Wave palette; they differ in layout, typography, density and how much orange they carry.

Mix and match is fine — for example Deep Hull's sidebar with Chart Room's figures. Tell me the number (or numbers) you like and I'll apply it across every role's screens.

DIRECTION 01

Harbor Light

Refined editorial — the current site, matured. Carries the website's Editorial direction into the portal. White sidebar, serif page titles, quiet hairlines and a single orange action. The calmest option and the closest to what visitors already see.

DIRECTION 02

Deep Hull

Navy command sidebar, crisp white work area. A strong dark-blue sidebar anchors navigation; the work area stays bright and spacious. Manrope's geometric shapes read cleanly at small sizes and give numbers real presence. The most 'software-like' and confident of the set.
